

Stanford

Olivia Martinez

Professor of Surgery (Abdominal Transplantation)

Surgery - Abdominal Transplantation

CONTACT INFORMATION

- **Alternate Contact**

Audra Gallant - Administrative Associate

Email audrag1@stanford.edu

Tel 8-6248

Bio

ACADEMIC APPOINTMENTS

- Professor, Surgery - Abdominal Transplantation
- Member, Bio-X
- Member, Maternal & Child Health Research Institute (MCHRI)
- Member, Stanford Cancer Institute

ADMINISTRATIVE APPOINTMENTS

- Director, Graduate Program, Immunology IDP, Stanford University School of Medicine, (2008- present)
- Director, Stanford Immunology, Stanford University School of Medicine, (2018- present)
- Vice Chair, Basic & Translational Research, Department of Surgery, (2021- present)

HONORS AND AWARDS

- Fujisawa Basic Science Award, American Society of Transplantation (2004)
- Faculty Mentor of the Year, Program in Immunology, Stanford University School of Medicine (2005)
- Distinguished Service Award, American Association of Immunologists (2007)
- Faculty Award for Student Service, Office of Graduate Education, Stanford University (2011)
- Faculty Award for Excellence in Mentoring, Stanford Biosciences (2014)
- Fellow, American Society of Transplantation (2015)
- Distinguished Fellow, American Association of Immunologists (2021)

PROFESSIONAL EDUCATION

- Ph.D., Univ of California, Berkeley , Immunology (1982)
- B.S., Univ of Southern California , Biological Sciences (1976)

- My Lab Site: <http://med.stanford.edu/kramsmartinezlabs.html>

Research & Scholarship

CURRENT RESEARCH AND SCHOLARLY INTERESTS

There are two major areas of focus in the laboratory. First, we are interested in Epstein Barr Virus-mediated mechanisms of immune evasion with particular focus on pathways that promote survival and proliferation of EBV B cell lymphomas, the characterization of the human T cell response to EBV-infected B cells and the identification of novel therapeutics for treatment of EBV B cell lymphomas. The second area of study addresses stem cell and solid organ transplantation. In particular we are examining mechanisms of graft rejection and immune regulation in allogeneic responses.

CLINICAL TRIALS

- COVID-19: Pediatric Research Immune Network on SARS-CoV-2 and MIS-C, Recruiting
- Biomarkers for Post-Transplant Lymphoproliferative Disorders in Children, Not Recruiting

Teaching

COURSES

2020-21

- Ethics, Science, and Society: IMMUNOL 258, INDE 281 (Spr)
- Immunology Journal Club: IMMUNOL 305 (Aut, Win, Spr)

2019-20

- Current Concepts in Transplantation: SURG 68Q (Win)
- Immunology Journal Club: IMMUNOL 305 (Aut, Win, Spr)

2018-19

- Current Concepts in Transplantation: SURG 68Q (Spr)
- Immunology Journal Club: IMMUNOL 305 (Aut, Win, Spr)

2017-18

- Current Concepts in Transplantation: SURG 68Q (Spr)
- Ethics, Science, and Society: IMMUNOL 258 (Spr)
- Immunology Journal Club: IMMUNOL 305 (Aut, Win, Spr)

STANFORD ADVISEES

Doctoral Dissertation Reader (AC)
