Bio

BIO

Jison Hong, MD specializes in the diagnosis, evaluation and management of all rheumatologic diseases. She has a special interest in evaluating and managing patients with complex gout. She has received a Stanford Department of Medicine Chair Diversity Award to conduct a pilot project to bridge communication gaps for patients with limited English proficiency. She is working in collaboration with the Diabetes Care and Prevention program to develop and study the impact of written patient education and patient care material provided to patients in Asian languages. Dr. Hong also serves as the division champion for Stanford's Value Based Care Program which focuses on initiatives aimed at delivering high quality care at lower cost.

Dr. Hong received her medical degree and Internal Medicine residency training at Rutgers- New Jersey Medical school in Newark, New Jersey. She served as a Chief Resident for an additional year and then went on to complete her fellowship training in Rheumatology at Stanford University Medical Center . She joined the faculty in the Division of Immunology & Rheumatology at Stanford in 2014 as a Clinical Assistant Professor where she continues to practice.

CLINICAL FOCUS

- Rheumatology

ACADEMIC APPOINTMENTS

- Clinical Assistant Professor, Medicine - Immunology & Rheumatology

PROFESSIONAL EDUCATION

- Residency, Rutgers- New Jersey Medical School , Internal Medicine (2012)
- MD, Rutgers- New Jersey Medical School , Medical School (2008)
- Fellowship: Stanford University Immunology and Rheumatology Fellowship (2014) CA
- Board Certification: Rheumatology, American Board of Internal Medicine (2014)
- Board Certification: Internal Medicine, American Board of Internal Medicine (2011)
