

Christine Pal Chee

Deputy Director
Public Policy

Bio

BIO

Christine Pal Chee is the Deputy Director of the Public Policy Program and Advanced Lecturer at Stanford University. In those roles, she directs the undergraduate capstone and graduate practicum programs in Public Policy and teaches courses in empirical methods and honors research. Her research interests include understanding the design and effects of health, labor, and social policies.

Prior to teaching at Stanford, Christine served as a health economist and the Associate Director of the Health Economics Resource Center at the Department of Veterans Affairs. She received her BA in economics from Stanford University and her PhD in economics from Columbia University.
