

Stanford

Rita Popat

Clinical Associate Professor, Health Research & Policy

Bio

ACADEMIC APPOINTMENTS

- Clinical Associate Professor, Health Research & Policy

ADMINISTRATIVE APPOINTMENTS

- Steering Committee Member, Stanford Medicine Teaching and Mentoring Academy, (2017- present)
- Co-Director, Clinical Research Scholarly Concentration Program, (2017- present)
- Co-Director, Spectrum NIH TL1 Program, (2013-2018)
- Co-Director, MS program in Clinical Research & Epidemiology, (2012- present)

HONORS AND AWARDS

- Marjorie K. Ionta Award for Outstanding Graduate Student in Physical Therapy, MGH - Inst of Health Professions (1990)
- Teaching Award, Division of Epidemiology (HRP) (2006, 2008, 2010, 2011, 2012)
- Honorary Cap and Gown membership, Women's honor society at Stanford (2009)
- The Kaiser Foundation Award for Excellence in Preclinical Teaching, Stanford University School of Medicine (2010)

PROFESSIONAL EDUCATION

- PhD, Stanford University , Epidemiology (2003)
- MS, U Mass (Amherst) , Biostatistics (1998)
- MS, MGH Inst of Health Professions , Physical Therapy (1991)

- RLS Expanded Questionnaire (Popat et al): https://drive.google.com/file/d/0B7KSIviRi_NmYTZxWmU3S2FmUTg/view?usp=sharing

Research & Scholarship

CURRENT RESEARCH AND SCHOLARLY INTERESTS

My research interest focuses on the epidemiology of Parkinson's disease and amyotrophic lateral sclerosis, specifically evaluating the genetic and environmental contributions to these neurodegenerative disorders. I am also interested in studying the relation of cognition, estradiol exposure (endogenous and exogenous), and genetic factors.

Our research group developed an expanded screening questionnaire for diagnosing restless legs syndrome and evaluated the reliability and validity of this instrument. We found that while the sensitivity of the recommended set of three questions for screening RLS is good (86%), the specificity is poor (45%) when examined in a

sample that over-represents subjects with conditions that are commonly misclassified as RLS. We showed that specificity can be improved by including separate questions on cardinal features, as used in our expanded questionnaire, and by including a few questions that identify RLS mimics, thereby reducing false positives.

A copy of the expanded questionnaire can be accessed under "Links" (which can be viewed under the Bio tab). It is a research tool that is being made available "as is" and may be used freely for any purpose under the following terms and conditions:

- No modifications may be made to ensure the validity and reliability of the questionnaire.

-The following acknowledgement should be used in any publication or reproduction:

Popat RA, Van Den Eeden SK, Tanner CM, Kushida C, Rama A, Black J, Bernstein AL, Kasten M, Chade A, Leimpeter A, Cassidy J, McGuire V, Nelson LM.

Reliability and validity of two self-administered questionnaires for screening restless legs syndrome in population-based studies. *Sleep Medicine* 2010; 11(2): 154-160.

Teaching

COURSES

2019-20

- Analytical and Practical Issues in the Conduct of Clinical and Epidemiologic Research: HRP 216 (Spr)
- Design and Conduct of Clinical Trials: HRP 251 (Spr)
- Design and Conduct of Clinical and Epidemiological Studies: PAS 251 (Win)
- Genes and Environment in Disease Causation: Implications for Medicine and Public Health: HRP 238, HUMBIO 159 (Win)
- Introduction to Data Management and Analysis in SAS: HRP 223 (Aut)
- Introduction to Epidemiologic and Clinical Research Methods: HRP 225 (Aut)
- Spectrum Scholars Seminar: HRP 229 (Win, Spr, Sum)

2018-19

- Analytical and Practical Issues in the Conduct of Clinical and Epidemiologic Research: HRP 216 (Spr)
- Design and Conduct of Clinical Trials: HRP 251 (Spr)
- Design and Conduct of Clinical and Epidemiologic Studies: HRP 225 (Aut)
- Design and Conduct of Clinical and Epidemiological Studies: PAS 251 (Win)
- Essentials of Clinical Research at Stanford: HRP 273 (Aut)
- Genes and Environment in Disease Causation: Implications for Medicine and Public Health: HRP 238, HUMBIO 159 (Win)
- Intensive Course in Clinical Research: HRP 245 (Aut)
- Introduction to Data Management and Analysis in SAS: HRP 223 (Aut)
- Spectrum Scholars Seminar: HRP 229 (Aut, Win, Spr, Sum)

2017-18

- Analytical and Practical Issues in the Conduct of Clinical and Epidemiologic Research: HRP 216 (Spr)
- Design and Conduct of Clinical Trials: HRP 251 (Spr)
- Design and Conduct of Clinical and Epidemiologic Studies: HRP 225 (Aut)
- Design and Conduct of Clinical and Epidemiological Studies: PAS 251 (Win)
- Genes and Environment in Disease Causation: Implications for Medicine and Public Health: HRP 238, HUMBIO 159 (Win)
- Intensive Course in Clinical Research: HRP 245 (Aut)
- Introduction to Data Management and Analysis in SAS: HRP 223 (Aut)
- Spectrum Scholars Seminar: HRP 229 (Aut, Win, Spr, Sum)

2016-17

- Analytical and Practical Issues in the Conduct of Clinical and Epidemiologic Research: HRP 216 (Spr)
- Design and Conduct of Clinical Trials: HRP 251 (Spr)
- Design and Conduct of Clinical and Epidemiologic Studies: HRP 225 (Aut)
- Genes and Environment in Disease Causation: Implications for Medicine and Public Health: HRP 238, HUMBIO 159 (Win)
- Introduction to Data Management and Analysis in SAS: HRP 223 (Aut)
- Spectrum Scholars Seminar: HRP 229 (Aut, Win, Spr, Sum)
