Bio

BIO

Dr. Hauser is the Obesity Medicine Director of the Medical Weight Loss Program in the Stanford Lifestyle and Weight Management Center, formerly known as the Stanford Bariatric Surgery and Medical Weight Loss Clinic. She is a board-certified specialist in internal medicine and lifestyle medicine. She also holds the position of Clinical Associate Professor of Medicine, General Surgery, and by courtesy, Primary Care and Population Health. Additionally, she is President-elect of the American College of Lifestyle Medicine.

Beyond delivering patient care and medical education, Dr. Hauser is a prevention researcher and Le Cordon Bleu-trained chef. She combines her skills to help patients move away from lifestyles that lead to chronic disease and toward those that promote health and well-being.

Dr. Hauser develops and runs lifestyle and medical weight management programs that combine evidence-based, non-surgical treatment modalities, which can be used alone or as an adjunct to bariatric surgery procedures. She provides screening, prevention strategies, and treatment for conditions including hyperlipidemia, diabetes, fatty liver disease, cardiovascular disease, and other metabolic diseases. As a chef, she recognizes the importance of enjoying food, so she incorporates cooking classes into her clinical practice to teach patients how to make delicious food that is also healthy in support of their short- and long-term health goals.

In her academic initiatives, Dr. Hauser has created and evaluated a novel medical weight management program. It combines lifestyle medicine-enriched shared medical appointments and telehealth follow-up. She was a primary investigator of a Stanford study of food insecurity screening and referral to healthy food resources. She was also the project lead on a study of the impact of diet quality and type on weight loss and cardiovascular risk factors.

Dr. Hauser wrote the first comprehensive "Culinary Medicine Curriculum" for health care professional training programs, now in use in more than 100 countries. She also runs an ongoing culinary medicine elective course for medical and physician assistant students. She has co-authored numerous

articles published in peer-reviewed journals such as JAMA, American Journal of Lifestyle Medicine, and American Journal of Clinical Nutrition. Topics address new strategies to improve nutrition, physical activity, and weight loss.

She has made invited presentations on obesity management, culinary medicine, and shared medical appointments at the American College of Lifestyle Medicine Annual Conference, American College of Physicians Annual Conference, and other meetings.

The Lifestyle Medicine Education Collaborative recognized Dr. Hauser as a “Champion for Change” for developing innovative programs to incorporate lifestyle medicine into medical education. Other honors include the Leonard Tow Humanism in Medicine Award from the Arnold P. Gold Foundation and Harvard Medical School.

Dr. Hauser is a fellow of the American College of Physicians and of the American College of Lifestyle Medicine, where she is President-elect and serves on the Board of Directors.

CLINICAL FOCUS

- Internal Medicine
- Obesity Medicine
- Lifestyle Medicine

ACADEMIC APPOINTMENTS

- Clinical Associate Professor, Surgery - General Surgery

ADMINISTRATIVE APPOINTMENTS

- Obesity Medicine Director, Stanford University Medical Center, (2021- present)

HONORS AND AWARDS

- Invited Fellow, American College of Physicians
- Champion for Change, Lifestyle Medicine Education Collaborative
- Local Hunger Fighter, Second Harvest Food Bank of Santa Clara and San Mateo, California, Counties
- San Mateo Medical Center Above & Beyond Award, San Mateo Medical Center
- Food Hero, Honorable Mention, City of Cambridge, Massachusetts
- Cambridge Integrated Clerkship Teaching Award, Cambridge Health Alliance, Cambridge, MA
- Leonard Tow Humanism in Medicine Award, Arnold P Gold Foundation and Harvard Medical School
- Letter of Achievement in Leadership, Center for Public Leadership, Harvard Kennedy School of Government
- Zuckerman Fellowship and Scholarship, Harvard Kennedy School of Government
- Summer Research Award for Nutrition Research, Division of Nutrition and Osher Integrative Care Center, Harvard Medical School
- Howard Hughes Medical Institute Undergraduate Research Opportunities Program, Humboldt State University
- American Heart Association, Western States Affiliate Undergraduate Summer Research Program, University of California, San Diego

BOARDS, ADVISORY COMMITTEES, PROFESSIONAL ORGANIZATIONS

- President-elect, American College of Lifestyle Medicine (2024 - present)
- Board of Directors, American College of Lifestyle Medicine (2015 - 2018)
- Member, American College of Lifestyle Medicine (2014 - present)
- Member, American College of Physicians (2012 - present)

- Member, Society of General Internal Medicine (2013 - present)

PROFESSIONAL EDUCATION

- Board Certification, American Board of Lifestyle Medicine , Lifestyle Medicine
- Board Certification, American Board of Internal Medicine , Internal Medicine
- Fellowship, American College of Physicians , Invited Fellow
- Fellowship, Postdoctoral Research Fellowship in Cardiovascular Disease Prevention
- Fellowship, American College of Lifestyle Medicine , Lifestyle Medicine
- Fellowship, Harvard Kennedy School of Government , Zuckerman Fellowship in Leadership and Public Service
- Residency, Harvard Medical School – Cambridge Health Alliance , Internal Medicine
- Medical Degree, Harvard Medical School

Research & Scholarship

CURRENT RESEARCH AND SCHOLARLY INTERESTS

Michelle Hauser, MD, MS, MPA, FACP, FACLM, DipABLM, Chef, is Clinical Associate Professor of Medicine and Surgery at Stanford University School of Medicine where she is also Obesity Medicine Director of the Stanford Lifestyle and Weight Management Center. She created the Medgroup (Lifestyle Medicine & Obesity Medicine) Program and successfully implemented it 2 health care systems as a series of shared/group medical appointments and 1:1 patient visits to help adults with obesity lose weight and prevent and treat obesity-related comorbidities. She is President-elect of the American College of Lifestyle Medicine (ACLM) where she is also a fellow and diplomate. She is board certified in internal medicine and lifestyle medicine and completed medical school, internal medicine residency, and a Master of Public Policy and Administration degree at Harvard, as well as a Master of Science in Epidemiology and Clinical Research at Stanford.

She is also a certified chef via Le Cordon Bleu, author of the “Culinary Medicine Curriculum”, the first, open-source culinary medicine curriculum for health professionals and the public that is published with the American College of Lifestyle Medicine and based on Stanford’s Culinary Medicine (Teaching Kitchen) Elective course which she course directs. The CMC has been downloaded >10,000 times and used in >100 countries for health professional education and patient care. In 2025, the second edition of the CMC will be published along with >100 educational videos (all freely available), further reducing barriers to dietary changes that are as delicious as they are healthful. A 20-hour Stanford CME/CE Culinary Medicine/LM course for MDs/DOs, RNs, PAs, and RDNs will also be launched in 2025. She is also actively engaged in other aspects of medical education at the student, resident, fellow, and attending levels. She is a member of the Stanford Lifestyle Medicine Program team and participates in multidisciplinary, LM collaborations at Stanford.

Dr. Hauser is a prevention researcher. She combines her skills to help patients move away from lifestyles that lead to chronic disease and toward those that promote health and well-being. She has served as Study Physician for 4 randomized controlled trials (RCTs). She is currently Co-Investigator on a Patient-Centered Outcomes Research Institute RCT investigating the effects of co-treatment of food insecurity and obesity among Spanish-speaking Latina women on weight loss and cardiovascular disease outcomes. The study intervention utilizes LM group visits conducted in Spanish as part of the protocol. Her academic publications include high-impact, original research (top 1% of citations in Clinical Medicine by Web of Science) in major medical (JAMA) and nutrition (AJCN) journals.

Teaching

COURSES

2024-25

- Culinary Medicine (Teaching Kitchen) Elective: SURG 244 (Aut, Spr)

2023-24

- The Doctor is In (the Kitchen): Teaching Kitchen Elective for Medical & PA Students: SURG 244 (Aut, Spr)

2022-23

- The Doctor is In (the Kitchen): Teaching Kitchen Elective for Medical & PA Students: SURG 244 (Aut, Win, Spr)

2021-22

- The Doctor is In (the Kitchen): Teaching Kitchen Elective for Medical & PA Students: SURG 244 (Win, Spr)

GRADUATE AND FELLOWSHIP PROGRAM AFFILIATIONS

- Epidemiology (Masters Program)
- Prevention Research (Scholarly Concentration Application)
