Bio

BIO

I was born, raised, and trained in Nashik, India where I completed my formal Medical Education before moving to New York City where I completed my residency in Internal Medicine at New York Downtown Hospital in New York, NY. My interests are in preventative medicine, health and wellness, occupational and environmental safety. In Stanford's Occupational Health Department, I practice clinical occupational medicine while working toward identifying health and safety issues within our environment to prevent further injury and illness to our employees.
