

Susan M. Frayne, MD, MPH

Professor of Medicine (General Medical Discipline) at the Palo Alto Veterans Affairs Health Care System

Medicine - Primary Care and Population Health

Bio

ACADEMIC APPOINTMENTS

- Professor - Med Center Line, Medicine - Primary Care and Population Health

ADMINISTRATIVE APPOINTMENTS

- Research Associate, Center for Health Care Evaluation, VA Palo Alto, (2002- present)
- Associate, Center for Primary Care and Outcomes Research, Stanford University, (2003- present)
- Faculty Member, Sierra-Pacific MIRECC, VA Palo Alto, (2004- present)
- Associate Director for Development, Women's Hlth Center, VA Palo Alto, (2004- present)
- Co-Director, Ambulatory Medicine Clerkship (Med 313), Stanford Univ School of Medicine, (2005-2008)
- Medical Director, MOVE TIME obesity clinic, VA Palo Alto, (2008-2010)
- Acting Director, Center for Health Care Evaluation, VA Palo Alto, (2009-2010)
- Director, Women's Health Evaluation Initiative, VA Palo Alto, (2009- present)
- Director, VA Women's Health Practice-Based Research Network Coordinating Center, VA Palo Alto, (2010- present)

HONORS AND AWARDS

- Outstanding VA Health Services Quality Research Award, Society of General Internal Medicine Regional Meeting (2006)
- Elected Fellow, American College of Physicians (2003)
- Advanced Research Career Development Award, VA HSR&D (2001)
- Career Development Award, Health Services Research, VA HSR&D (1999)
- Diplomate, American Board of Internal Medicine (1989)
- Summa Cum Laude, Pomona College (1982)
- Phi Beta Kappa, Pomona College (1981)

PROFESSIONAL EDUCATION

- MPH, Boston University , Public Health (1992)
- Fellowship, Boston University , General Internal Medicine (1992)
- Residency, University of California, Irvine , Internal Medicine (1989)
- MD, UC San Diego , Medicine (1986)
- BA, Pomona College (1982)

Research & Scholarship

CURRENT RESEARCH AND SCHOLARLY INTERESTS

My work, recently sponsored by a VA HSR&D Advanced Research Career Development Award, examines the quality of primary care provided to patients with mental illness, particularly women with post-traumatic stress disorder secondary to sexual trauma. In a series of studies, my research program is first examining whether patients with mental illness receive lower quality medical care, then examining barriers that explain such disparities, and will then examine interventions and systems of care designed to optimize clinicians' ability to deliver high-quality, integrated medical care to patients with comorbid medical and mental health conditions. Other areas of interest include health sequelae of trauma in women; health care delivery to women veterans.

Teaching

GRADUATE AND FELLOWSHIP PROGRAM AFFILIATIONS

- Medicine (Masters Program)
