#### PUBLICATIONS

- **Temporal Dynamics of Memory-guided Cognitive Control and Generalization of Control via Overlapping Associative Memories.** *The Journal of neuroscience : the official journal of the Society for Neuroscience*  
Jiang, J., Bramao, I., Khazenzon, A., Wang, S., Johansson, M., Wagner, A. D.  
2020
- **Dissociable medial temporal pathways for encoding emotional item and context information** *NEUROPSYCHOLOGIA*  
Ritchey, M., Wang, S., Yonelinas, A. P., Ranganath, C.  
2019; 124: 66–78
- **Functional connectivity based parcellation of the human medial temporal lobe** *NEUROBIOLOGY OF LEARNING AND MEMORY*  
Wang, S., Ritchey, M., Libby, L. A., Ranganath, C.  
2016; 134: 123–34
- **Post-learning Hippocampal Dynamics Promote Preferential Retention of Rewarding Events** *NEURON*  
Gruber, M. J., Ritchey, M., Wang, S., Doss, M. K., Ranganath, C.  
2016; 89 (5): 1110–20
