Bio

BIO

Dr. Chaichian specializes in the diagnosis and management of all rheumatic diseases. As Director of the Stanford Lupus Clinic, he has a particular clinical, research, and teaching interest in systemic lupus erythematosus (SLE). He also has a secondary interest in connective tissue disease-associated interstitial lung disease (CTD-ILD). Along with Dr. Jennifer Yeh (Dermatology), he recently co-established a new Rheumatology-Dermatology multidisciplinary clinic at Stanford to facilitate expert management of patients with various skin/autoimmune overlap conditions including SLE with cutaneous manifestations.

He serves as a principal investigator on clinical trials in SLE, including through the Lupus Clinical Investigators Network (LuCIN). He also works closely with Dr. Julia Simard and other research collaborators on various projects, including studying pregnancy outcomes in SLE, the role of cognitive bias in the evaluation of lupus/ other autoimmune conditions, and work centered around COVID-19 and autoimmunity. In addition, he serves as the Faculty Lead for the Division of Immunology and Rheumatology's Clinical Research Unit (CRU) at Stanford University School of Medicine.

From a teaching standpoint, he is actively involved in the education of medical students, PA students, residents, and rheumatology fellows on topics related to rheumatology including SLE. He is also engaged in educational outreach for patients with SLE through several forums including the Lupus Foundation of Northern California.

CLINICAL FOCUS

- Rheumatology
- Systemic Lupus Erythematosus

ACADEMIC APPOINTMENTS

- Clinical Associate Professor, Medicine - Immunology & Rheumatology

HONORS AND AWARDS

- Department of Medicine Teaching Award recipient, Stanford University School of Medicine (2019)
- Award recipient, Abstract Discussion Group, ACR Rheumatology Research Workshop (2014)
- Distinction in Research, completion of Research Distinction Track, University of Iowa Roy J. and Lucille A. Carver College of Medicine (2008)
- Graduation with Honors and Highest Distinction, University of Iowa (2004)
- Student Leadership Award, University of Iowa, Multicultural Graduation Recognition Banquet (2004)
- Bill and John Fenton Scholarship, University of Iowa (2003-2004)
- Rhodes Dunlop Honors Program Scholarship, University of Iowa (2002-2004)
- Dewey Stuit Award for Sophomore Honors Student, University of Iowa (2002-2003)
- Rhodes Dunlap First-Year Honors Student Award, University of Iowa (2001-2002)

BOARDS, ADVISORY COMMITTEES, PROFESSIONAL ORGANIZATIONS

- Faculty Lead, Clinical Research Unit (CRU), Division of Immunology and Rheumatology, Stanford University School of Medicine (2022 - present)
- Member, OMERACT 2022 SLE Working Group (2021 - present)
- Member, Arthritis Foundation Pain Management Expert Panel (2021 - present)
- Member, Clinician Educator (CE) Advisory Committee, Stanford University Department of Medicine (2020 - present)
- Member, Arthritis Foundation Northern California's Medical & Scientific Committee (2020 - present)

PROFESSIONAL EDUCATION

- Board Certification: Rheumatology, American Board of Internal Medicine (2014)
- Fellowship, University of Chicago Medical Center, IL , Rheumatology (2014)
- Primary Care Chief Resident, William S. Middleton Memorial Veterans Hospital, WI (2012)
- Board Certification: Internal Medicine, American Board of Internal Medicine (2011)
- Residency: University of Wisconsin Hospital and Clinics (2011) WI United States of America
- Internship: University of Wisconsin Hospital and Clinics (2009) WI United States of America
- Medical Education: University of Iowa Carver College of Medicine (2008) IA

Research & Scholarship

CURRENT RESEARCH AND SCHOLARLY INTERESTS

Systemic lupus erythematosus

CTD-associated interstitial lung disease

CLINICAL TRIALS

- A Study of LY3471851 in Adults With Systemic Lupus Erythematosus (SLE), Not Recruiting
