## Wahila Wilkie

Explore Energy Program Manager, Precourt Institute for Energy

---

### Bio

#### BIO

Wahila is a Program Manager for the Explore Energy Initiative at the Precourt Institute for Energy. In this role, she supports student engagement in the energy field.

Wahila enjoys connecting people within the Stanford community to research developing innovative solutions to power society in 21st century while addressing climate change. Prior to joining Explore Energy, she was the program manager for Bits & Watts Initiative, worked in Stanford Residential Education and in the photovoltaics industry. She holds a B.S. in Ecology and Evolution from UC San Diego and M.Div. in Human Consciousness from Meru Institute.
