

Caitlyn Craft

- Technical Consultant, GSE Dean's Office
- Staff, Graduate School of Education

Bio

BIO

From 2014 to mid-2020 I served as the Director of Technology and Communications for Stanford University's Office of the Vice Provost for Graduate Education. I have since transitioned to a full-time role outside of the University while continuing to serve as a technical consultant within graduate education, namely for the Stanford Institute for Higher Education Research (SIHER).
