Bio

BIO

Dr. Gold is a board-certified neurologist who is fellowship-trained in the diagnosis and treatment of neurological disorders in hospitalized patients. He cares for a broad range of patients, including individuals with seizures, central nervous system infections, autoimmune diseases, headaches, neuromuscular conditions, and neurological complications of cancer. Dr. Gold's primary research interest focuses on enhancing the communication skills of neurology residents, and he serves as the Director of the Stanford Neurology Residency Communication Coaching Program. He is also the Fellowship Director of the Stanford Neurohospitalist Fellowship.

Dr. Gold serves as Vice Chair of Quality, Safety, & Experience for the Department of Neurology & Neurological Sciences. In this role, he coordinates projects aimed at improving care for patients with neurological conditions across the health system.
