Bio

BIO

Dr. Flint Espil researches the etiology and treatment of tic disorders (including Tourette's), Obsessive-Compulsive Disorder, and body-focused repetitive behaviors. He is interested in how psychosocial factors, the environment, and underlying brain circuitry influence treatment outcomes among individuals seeking treatment. He is also exploring ways to adapt and implement evidence-based mental health approaches in community settings. He is currently collaborating with community-based organizations in East Palo Alto to improve access to care for youth in school settings.

CLINICAL FOCUS

- Psychology
- Obsessive-Compulsive Disorder
- Tourette Syndrome
- Trichotillomania

ACADEMIC APPOINTMENTS

- Clinical Associate Professor, Psychiatry and Behavioral Sciences

HONORS AND AWARDS

- Trichotillomania Learning Center Early Career Award, TLC for Body-Focused Repetitive Behaviors (2019)
- Child Intervention and Prevention Services Research Fellowship, NIMH (2017)
- Clinical Research Loan Repayment Program, NIH (2016, 2018, 2020)

BOARDS, ADVISORY COMMITTEES, PROFESSIONAL ORGANIZATIONS

- Member, Society for Biological Psychiatry (2019 - present)
- Member, American Academy of Neurology (2016 - present)
- Member, Society of Clinical Child and Adolescent Psychology (2014 - present)
- Member, Association for Behavioral and Cognitive Therapies (2009 - present)

PROFESSIONAL EDUCATION

- Fellowship: UCSF Clinical Psychology Training Program (2016) CA
- Internship: University of Mississippi Medical Center Psychology Internship (2015) MS
- PhD Training: University of Wisconsin Milwaukee Registrar (2015) WI
- NIMH T32 Postdoctoral Fellow, University of California, San Francisco , Clinical Services Research (2016)
- Residency Training Program, University of Mississippi Medical Center , Clinical Psychology (2015)
- Ph.D., University of Wisconsin-Milwaukee , Clinical Psychology (2015)
- M.A., University of Colorado-Denver , Clinical Psychology (2010)
