#### BIO

Dr. Ottestad joined Stanford faculty in 2007 and became Director of the Acute Pain Service in 2009. As such, he manages acute, post-operative pain, acute-on-chronic inpatient pain consults, and cancer pain at Stanford Hospital. He is committed to the Stanford Pain Center's multidisciplinary, comprehensive approach when treating pain clinic patients with chronic pain. In the outpatient pain clinic, Dr. Ottestad possesses expertise in advanced interventions such as intrathecal medications, spinal cord stimulation, peripheral nerve stimulation, cryotherapy and cryoanalgesia, radiofrequency neuromodulation and ablation and ultrasound-guided procedures in general for the treatment of chronic pain. Ultrasound imaging allows accurate imaging of soft tissues such as muscles, tendons, and nerves that are difficult to identify using only x-ray imaging or anatomic landmarks. This imaging is useful both diagnostically as well as therapeutically when specific, targeted treatment is needed in an area of pain.

Dr. Ottestad has written multiple book chapters and papers on pain management and has been an invited lecturer and instructor for over 60 national and international conferences in the last 8 years. He will become the President of World Academy of Pain Medicine Ultrasonography (WAPMU) in 2017. Dr. Ottestad is board certified in anesthesiology and pain management, and is also an instructor and board examiner for the World Institute of Pain and the World Academy of Pain Medicine Ultrasonography, with secondary international qualifications FIPP (Fellow of Interventional Pain Practice) and CIPS (Certification in Pain Medicine Sonology).

#### CLINICAL FOCUS

- Pain Management
- Acute Pain Service
- Nerve Pain
- Interventional Ultrasound
- cryotherapy
- spinal cord stimulation
- Pain Medicine

## ACADEMIC APPOINTMENTS

- Clinical Professor, Anesthesiology, Perioperative and Pain Medicine
- Member, Wu Tsai Neurosciences Institute

## ADMINISTRATIVE APPOINTMENTS

- President, World Academy of Pain Medicine Ultrasonography, (2017-2018)
- Vice President, World Academy of Pain Medicine Ultrasonography, (2015-2017)
- Chairman of education committee, World Academy of Pain Medicine Ultrasonography, (2014- present)
- Director, Acute Pain Service, Stanford University Hospital, (2009- present)
- Member, Quality, Efficiency, Patient Satisfaction Committee, (2012- present)
- Member, Interdisciplinary Practice Committee, (2011- present)
- Member, Resident Education Committee, (2010- present)

## PROFESSIONAL EDUCATION

- Residency: Stanford University CAPS Postdoctoral Fellowship (2007) CA
- Medical Education: Baylor College of Medicine (2002) TX
- Board Certification: Pain Medicine, American Board of Anesthesiology (2010)
- Board Certification: Anesthesia, American Board of Anesthesiology (2009)
- Fellowship: Stanford Hospital and Clinics - Pain Mgmt (2008) CA
- Internship: The University of Texas Health Center @ Tyler (2003) TX
- Board Certification, ABA , Pain Management (2010)

## Research & Scholarship

---

### CURRENT RESEARCH AND SCHOLARLY INTERESTS

I have a strong interest in ultrasound for chronic pain management for diagnostics as well as therapeutics. I also have strong interest in acute pain in the hospital setting, including post-operative as well as cancer pain.

### CLINICAL TRIALS

- Using Peripheral Nerve Stimulation (PNS) to Treat Chronic Post-surgical Pain (CPSP) After Knee Surgery, Not Recruiting

## Teaching

---

### GRADUATE AND FELLOWSHIP PROGRAM AFFILIATIONS

- Anesthesia (Fellowship Program)
- Pain Management (Fellowship Program)
