

Stanford

Maria Angulo Ibáñez

Postdoctoral Research Fellow, Endocrinology, Gerontology, and Metabolism

Bio

PROFESSIONAL EDUCATION

- Licenciatura, Universidad De Barcelona (2010)
- Master of Science, Universidad De Barcelona (2011)
- Doctor of Philosophy, Universidad De Barcelona (2016)

STANFORD ADVISORS

- Katrin Chua, Postdoctoral Faculty Sponsor
- Katrin Chua, Postdoctoral Research Mentor

Publications

PUBLICATIONS

- **ATM meets ERK5.** *Aging*
Angulo-Ibáñez, M., Rovira-Clavé, X., Espel, E.
2017; 9 (2): 299–300
- **Absence of ERK5/MAPK7 delays tumorigenesis in *Atm*^{-/-} mice.** *Oncotarget*
Granados-Jaén, A., Angulo-Ibáñez, M., Rovira-Clavé, X., Gamez, C. P., Soriano, F. X., Reina, M., Espel, E.
2016
- **Dual role of ERK5 in the regulation of T cell receptor expression at the T cell surface** *JOURNAL OF LEUKOCYTE BIOLOGY*
Rovira-Clave, X., Angulo-Ibanez, M., Tournier, C., Reina, M., Espel, E.
2016; 99 (1): 143-152
- **Erk5 contributes to maintaining the balance of cellular nucleotide levels and erythropoiesis** *CELL CYCLE*
Angulo-Ibanez, M., Rovira-Clave, X., Granados-Jaen, A., Downs, B., Kim, Y. C., Wang, S. M., Reina, M., Espel, E.
2015; 14 (24): 3864-3876
- **The PDZ-binding domain of syndecan-2 inhibits LFA-1 high-affinity conformation** *CELLULAR SIGNALLING*
Rovira-Clave, X., Angulo-Ibanez, M., Reina, M., Espel, E.
2014; 26 (7): 1489-1499
- **Syndecan-2 can promote clearance of T-cell receptor/CD3 from the cell surface** *IMMUNOLOGY*
Rovira-Clave, X., Angulo-Ibanez, M., Noguer, O., Espel, E., Reina, M.
2012; 137 (3): 214-225
