## Janey S.A. Pratt, MD

Clinical Professor, Surgery - Pediatric Surgery

### **CLINICAL OFFICE (PRIMARY)**

- **Lucile Packard Children's Hospital**

725 Welch Rd  
Palo Alto, CA 94304  
**Tel** (650) 723-6439      **Fax** (650) 736-7615

### **Bio**

---

#### **BIO**

Dr. Janey S.A. Pratt, MD, FACS, FASMBS is a general surgeon who specializes in Laparoscopic and Robotic General and Metabolic and Bariatric Surgery (MBS). She began her career in general surgery at Massachusetts General Hospital, where she was a founding member of the MGH Weight Center. As surgical director she introduced minimally invasive MBS and adolescent MBS to MGH in 2001 and 2007 respectively. In 2011 Dr. Pratt took over as Director at the MGH Weight Center and continued to work on several national committees towards improving access and care for adolescents with severe obesity. Dr. Pratt continued to practice general surgery throughout her tenure at MGH seeing patients with breast cancer, hernias, and obesity. She performed advance minimally invasive surgery (MIS) as well as advanced endoscopy.

In 2016 Dr. Pratt moved to California where she began her work at Stanford University, splitting her time between the Lucile Packard Children's Hospital and the Palo Alto VA. She performs Minimally Invasive MBS as well as endoscopy. Dr. Pratt has trained in robotic surgery as well. As a Clinical Professor of Surgery, Dr. Pratt is involved in training Stanford medical students and residents both in the OR, in clinic, in simulation labs and in the classroom. Dr. Pratt is the Director of the Adolescent Metabolic and Bariatric Surgery Program at Lucile Packard Children's Hospital. This is an MBSAQIP accredited program in a free-standing children's hospital dedicated to the multidisciplinary care of children with obesity. This program is one of the top 5 programs in the country. Dr. Pratt has been involved in creating and updated guidelines for Adolescent MBS since 2005. In 2018 she was first author on the ASMBS Pediatric Metabolic and Bariatric Surgery Guidelines. Her research interests include MIS MBS, pediatric obesity treatment and the use of medications to improve outcomes of MBS. Dr. Pratt frequently lectures on the subject of Adolescent Metabolic and Bariatric Surgery.

#### **CLINICAL FOCUS**

- Pediatric Obesity
- General Surgery
- bariatric surgery

#### **ACADEMIC APPOINTMENTS**

- Clinical Professor, Surgery - Pediatric Surgery
- Member, Maternal & Child Health Research Institute (MCHRI)

## ADMINISTRATIVE APPOINTMENTS

- Director of Adolescent Bariatric Surgery, Lucille Packard Children's Hospital, (2023- present)

## PROFESSIONAL EDUCATION

- Board Certification: Focused Practice in Metabolic Bariatric Surgery, American Board of Surgery (2023)
- Medical Education: Tufts University School of Medicine (1993) MA
- Board Certification: General Surgery, American Board of Surgery (1999)
- Residency: Massachusetts General Hospital (1998) MA
- Internship: Massachusetts General Hospital (1994) MA

## Publications
