

Updated 12/23/04

CURRICULUM VITAE

JOHN JOSEPH LAMBERTI, JR., M.D.

EDUCATION

- 1959-1963: B.S., Massachusetts Institute of Technology (Biology and Humanities)
- 1963-1967: M.D., University of Pittsburgh
- 1967-1968: Surgical Internship, Peter Bent Brigham Hospital, Boston, Massachusetts
- 1968-1969: Surgical Resident, Children's Hospital Medical Center, Boston, Massachusetts
- 1969-1972: Surgical Resident, Peter Bent Brigham Hospital, Boston, Massachusetts
- 1972-1973: Chief Resident, Cardiac and Thoracic Surgery, Peter Bent Brigham Hospital, Boston, Massachusetts
- 7/1/73-12/31/73: Chief Resident, Cardiac Surgery, Children's Hospital Medical Center, Boston, Massachusetts (Part of Peter Bent Brigham Hospital Residency)

EMPLOYMENT/ACADEMIC AND CONSULTING POSITIONS

- 1971-1973: Clinical Fellow in Surgery, Harvard Medical School, Boston, Massachusetts
- 7/1/73-1/1/74: Assistant in Surgery, Peter Bent Brigham Hospital, Boston, Massachusetts
- 1/1/74-8/1/74: Junior Associate in Surgery, Peter Bent Brigham Hospital, Boston, Massachusetts
- 1/1/74-8/1/74: Instructor in Surgery, Harvard Medical School, Boston, Massachusetts
- 8/1/74-6/30/77: Assistant Professor of Surgery, The University of Chicago, The Pritzker School of Medicine, Chicago, Illinois
- 7/1/77-9/30/78: Associate Professor of Surgery, The University of Chicago, The Pritzker School of Medicine, Chicago, Illinois
- 9/78 -8/18/00: Attending Surgeon: Sharp Memorial Hospital, San Diego, CA
- 9/78-Present: Attending Surgeon: Children's Hospital and Health Center, San Diego, CA
- 7/3/84-7/9/00: Attending Surgeon Green Hospital, Scripps Clinic, La Jolla, CA
- 12/13/80-8/31/95: Associate Clinical Professor of Cardiothoracic Surgery, Department of Surgery, University of California, San Diego, CA
- 9/1/81-12/31/88: Director, Cardiovascular Surgery, Children's Hospital and Health Center, San Diego, CA

6/1/90-12/31/95: Director, Cardiovascular Surgery, Children's Hospital and Health Center, San Diego, CA

1/1/98-4/15/00: Director, Cardiovascular Surgery, Children's Hospital and Health Center, San Diego, CA

1/1/89-12/31/95: Chairman, Department of Surgery, Children's Hospital and Health Center, San Diego, CA

7/1/90-4/15/00: Director, Children's Hospital and Health Center Cardiovascular Institute, San Diego, CA

9/1/94-5/1/00: Chairman Technical Advisory Committee, State of California, Cardiovascular Services Council

9/1/94-present: Consultant: Kapiolani Medical Center for Women & Children, Honolulu, Hawaii

3/9/95-7/1/00: Command Clinical Consultant: U.S. Naval Hospital, San Diego, CA

5/6/97-7/1/00: Consultant: Variety Club of San Diego, TENT #57

1/13/97-present: Member, State of New York, Cardiac Advisory Committee

8/25/97-present Consultant: Tripler Army Medical Center, Hawaii

5/17/00-12/31/02: Assistant Professor of Cardiothoracic Surgery at Joan and Sanford I. Weill College of Medicine of Cornell University

5/17/00-12/31/02: Adjunct Assistant Professor of Surgery, Division of Pediatric Cardiac Surgery at the College of Physicians And Surgeons of Columbia University

2/22/02-present: Affiliated Care Staff/Thoracic Surgery Kaiser Foundation Hospital Honolulu, Hawaii

1/01/03 –3/31/04: Acting Associate Professor of Cardiothoracic Surgery in the Division of Pediatric Cardiac Surgery at the Stanford University School of Medicine

4/01/04-present Associate Professor of Cardiothoracic Surgery in the Division of Pediatric Cardiac Surgery at the Stanford university School of Medicine

1/01/03-present: Director of Pediatric Cardiac Surgery at the Children's Hospital and Research Center of Oakland, California

HONORS

1967 Pennsylvania Heart Association Undergraduate Research Award

1998 Physician Recognition Award/ CME Committee Children's Hospital of San Diego

CERTIFICATION

1973 American Board of Surgery, #19784

1975 American Board of Thoracic Surgery, #2845

LICENSURE

1969 Massachusetts Medical License, #31242 (inactive)
1970 California Medical License, #G19503
1974 Illinois Medical License, #36-50429 (inactive)
1994 Hawaii Teaching License, #MDJ-3249 (temporary)
1996 Hawaii Medical License, #MD9369
1997 Montana Medical License, #8041
2000 New York Medical License, #217449

MEDICAL EDUCATION I.D. #: 014-12-67-0454

SOCIETIES:

Fellow, American College of Surgeons, 1976.

Fellow, American College of Cardiology, 1976.

Member, Association for Academic Surgery (Senior).

Member, American Federation for Clinical Research, 1975

Fellow, American College of Chest Physicians, 1976

Consultant, Chest, 1975, 1976, 1977, 1978

Member, Committee on Cardiovascular Surgery, American College of Chest Physicians

Member, Society of Thoracic Surgeons, 1977

Member, American Heart Association, Cardiovascular Surgery Council

Member, American Society Artificial Internal Organs, 1978

Member, American Association for Thoracic Surgery, 1978

Member, Executive Committee, Children's Hospital and Health Center Foundation Board, 1986-1992

Member, Perfusion Technology Advisory Committee, Grossmont College, School of Perfusion Technology 1988-1989

Member, Western Thoracic Surgical Society, 1987

Member, Pacific Coast Surgical Society, 1992-2002.

Member, California Society of Pediatric Cardiology, 1993

Member, Editorial Board, Journal of Cardiac Surgery, 1994-

Member, Board of Directors, American Heart Association, La Jolla, Golden Triangle Division, 1995-1996

Member, Board of Directors, American Heart Association, Greater San Diego Division, 1996-2000

President, American Heart Association, Greater San Diego Division, 1996-1997

Past President, Board of Directors, American Heart Association, Greater San Diego Division, 1997-1998

Member, Scientific Committee of the Ross Procedure International Registry, 1997-

Member, Program Committee, American Association for Thoracic Surgery 1999-2001

Member, Membership Committee, American Association for Thoracic Surgery, 2001-2002

PUBLICATIONS

1. Lamberti, JJ, Jr and Urquhart, J: Studies of baroreceptor reflex dynamics in intact conscious dogs. Proceedings 20th Annual Conference on Engineering in Medicine, October 1968
2. Lamberti, JJ, Jr, Urquhart, J, and Siewers, R: Observations on the regulation of arterial blood pressure in unanesthetized dogs. Circulation Research 23:415-428, 1968
3. Manchester, J and Lamberti, JJ, Jr: Reversion of atrial fibrillation following hyperkalemia. Chest 58:398-402, 1970
4. Lamberti, JJ, Jr, Cohn, LH, and Collins, JJ, Jr: Management of papillary muscle dysfunction following acute myocardial infarction. Journal of Thoracic and Cardiovascular Surgery 67:349-352, 1974
5. Lamberti, JJ, Jr, Cohn, LH, and Collins, JJ, Jr: Iliac artery cannulation for intra-aortic balloon counterpulsation. Journal of Thoracic and Cardiovascular Surgery, 67:976-977, 1974
6. Castaneda, AR, Lamberti, JJ, Jr, Sade, RN, Williams, RW, and Nadas, AS: Open heart surgery during the first three months of life. Journal of Thoracic and Cardiovascular Surgery 68:719-731, 1974
7. Cohn, LH, Lamberti, JJ, Jr, Lesch, M, and Collins, JJ, Jr: Intra-aortic balloon counterpulsation and coronary revascularization for left ventricular power failure. Presented at the Ninth Congress of the European Surgical Society for Experimental Surgery, European Surgical Research 6:129-136, 1974
8. Lamberti, JJ, Jr, Lesch, M., Cohn, LH and Collins, JJ, Jr.: Intra-aortic balloon counterpulsation for left ventricular power failure after cardiac surgery for coronary artery disease. Archives of Surgery 109:766-771, 1974
9. Castaneda, AR, Sade, RM, Lamberti, JJ, Jr, and Nicoloff, D: Surgical experience with reoperation for Tetralogy of Fallot. Presented at the Society for Vascular Surgery, Chicago, Illinois 6/17/74. Surgery 76:1010-1017, 1974

10. Cohn, LH, Lamberti, JJ, Jr, Castaneda, AR, and Collins, JJ, Jr: Cardiac valve replacement with the glutaraldehyde stabilized porcine aortic valve: Indications, operative results and follow-up. American College of Chest Physicians, November, 1974. Chest 68:162-165, 1975
11. Cohn, LH, Lamberti, JJ, Jr, Vandevanter, S, Kirk, E, Florian, AM, Moses, R, and Collins, JJ, Jr: Effects of hemodilution on acute myocardial ischemia. Presented at the Associate for Academic Surgery, November 1974. Journal Surgical Research 18:523-529, 1975
12. Lamberti, JJ, Jr, Cohn, LH, and Collins, JJ, Jr: Cardiac surgery in transplant and dialysis patients. Annals of Thoracic Surgery 19:135-141, 1975
13. Lamberti, JJ, Jr, Cohn, LH, Laks, H, Braunwald, NS, Collins, JJ, Jr, and Castaneda, AR: Local cardiac hypothermia for myocardial protection during correction of congenital heart disease. Presented at the Society of Thoracic Surgeons, January 1975. Annals of Thoracic Surgery 20:446-455, 1975
14. Florian, AM, Lamberti, JJ, Jr, Cohn, LH, and Collins, JJ, Jr: Revascularization of the right coronary artery by retrograde mammary artery perfusion: an experimental study. Journal of Thoracic and Cardiovascular Surgery 70:19-23, 1975
15. Laks, H, Lamberti, JJ, Jr, and Castaneda, AR: Use of the suture lock plate for sternal approximation in children. Cardiovascular Dis. , Bulletin Texas Heart Institute 2:340, 1975
16. Lamberti, JJ, Jr, Thilenius, O, de la Fuente, D, Lin, CY, Arcilla, R, and Replogle, RL: Right atrial partition and right ventricular exclusion: a new surgical approach for complex cyanotic congenital heart disease. Journal of Thoracic and Cardiovascular Surgery 71:386-391, 1976
17. Russell, et al: National Cooperative Study Group to Compare Medical and Surgical Therapy. 1. Report of Protocol and Patient Population. American Journal of Cardiology 37:896-902, 1976
18. Gazzaniga, AB, Lamberti, JJ, Jr, Siewers, RD, Sperling, DR, Dietrick, WR, Arcilla, RA and Replogle, RL: Microporous expanded polytetrafluoroethylene arterial prosthesis for construction of aortopulmonary shunts in cyanotic infants. Presented at the American Association for Thoracic Surgery, April, 1976. Journal of Thoracic and Cardiovascular Surgery 72:357-363, 1976
19. Beyer, J, Lamberti, JJ, and Replogle, RL: Validity of thermodilution cardiac output determination- experimental studies with and without pulmonary insufficiency. Journal of Surgical Research 21:313-318, 1976
20. Lamberti, JJ, Jr: Patch aortoplasty for insertion of the porcine heterograft. Journal of Thoracic and Cardiovascular Surgery 72:86-88, 1976
21. Lamberti, JJ, Jr, Das Gupta, DS, Falicov, R, and Anagnostopoulos, CE: An unusual form of late stenosis after aortic valve replacement with a cloth-covered Starr-Edwards prosthesis. Chest 71:89-90, 1977
22. Beyer, J, Lamberti JJ, and Replogle, RL: Validity of thermodilution cardiac output determination in the presence of pulmonary insufficiency. Thoraxchirurgie 25:40-44, 1977
23. Schraut, W, Lamberti, JJ, Kampman, K, Anagnostopoulos, C, Replogle, RL, and Glagov, S: Does local cardiac hypothermia during cardiopulmonary bypass protect the myocardium from long-term morphologic

and functional injury: Presented at Society of Thoracic Surgeons, January, 1977, San Francisco, California, *Annals of Thoracic Surgery* 24:315-322, 1977

24. Falicov, RE, Karunaratne, HB, Cahill, N, and Lamberti, JJ, Jr: Hypertrophic cardiomyopathy with mid-ventricular obstruction associated with mitral stenosis: Partial relief of the obstruction by papillary muscle and trabecular resection. *Catheterization and Cardiovascular Diagnosis* 3:247-258, 1977
25. Kampman, K, Lamberti, J, Lyons, R, and Anagnostopoulos, C: Myocardial depression following acute decrease in serum ionized calcium. *Surgical Forum* 28:252-254, 1977
26. Shah, AA, Churg, A, Sbarbaro, JA, Sheppard, M, and Lamberti, JJ: Malignant fibrous histiocytoma of the heart presenting as an atrial myxoma. *Cancer* 42:2466-2471, 1978
27. Lamberti, JJ, Jr, Silver, H, Glagov, S, and Kampman, K: Transmural myocardial ultrastructure and epicardial S-T segment elevation during early ischemia. *American Heart Journal* 96:496-506, 1978
28. Lamberti, JJ, Lin, CY, Cutiletta, A, Anagnostopoulos, C, Arcilla, R, and Replogle, RL: Clinical effects of surface cooling (20 degrees centigrade) and circulatory arrest in infants undergoing cardiac surgery: Results in ventricular septal defect, complete atrio-ventricular canal, and total anomalous pulmonary venous connection. *Archives of Surgery* 113:822-826, 1978
29. Lamberti, JJ: Prosthetic aorto-pulmonary shunt in infants. *Contemporary Surgery* 12:9-10, 1978
30. Taylor, K, Glagov, S, Lamberti, JJ, Vesselinovitch, D, and Schaffner, T: Surface configuration of early atheromatous lesion in controlled-pressure, perfusion fixed monkey aortas. *Scanning Electron Microscopy II*:449-457, 1978
31. Culpepper, A, Kolf, J, Lin, CY, Vitullo, D, Lamberti, JJ, Arcilla, R, and Replogle, R: Complete common atrioventricular canal in infancy-surgical repair and post operative hemodynamics. *Circulation* 58:550-558, 1978
32. Kapelanski, D, Al-Sadir, J, Lamberti, J, and Anagnostopoulos, CE: Ventriculographic features predictive of surgical outcome for left ventricular aneurysm. *Circulation* 58:1167-1174, 1978
33. Schraut, W, Lamberti, JJ, Kampman, K, and Glagov, S: Is elective cardiac arrest possible without inducing permanent myocardial injury? *Current Surgery* 36:215-218, 1979
34. Schraut, W, Lamberti, JJ, Kampman, K, and Glagov, S: Ventricular fibrillation during cardiopulmonary bypass: Long-term effects on myocardial morphology and function. *Annals of Thoracic Surgery* 27:230-234, 1979
35. Myerowitz, PD, Gardner, P, Campbell, C, Lamberti, JJ, Replogle, RL, and Anagnostopoulos, CE: Early operation for left-sided pseudomonas endocarditis in drug addicts. *Journal of Thoracic and Cardiovascular Surgery* 77:571-581, 1979
36. Lamberti, JJ, Waner, BH, Fisher, KA, Karunaratne, HB, and Al-Sadir, J: Calcific stenosis of the porcine heterograft: Two case reports and discussion. *Annals of Thoracic Surgery* 28:28-32, 1979.
37. Lamberti, JJ, Campbell, C, Replogle, RL, Anagnostopoulos, C, Lin, CY, Chiemmongkoltip, P, and Arcilla, R: The prosthetic (teflon) central aortopulmonary shunt for cyanotic infants less than three weeks of age:

Results and long-term follow-up. Presented at the 15th Annual Meeting of the Society of Thoracic Surgeons, January 1979. *Annals of Thoracic Surgery* 28:28-32, 1979

38. Fennell, W, Chua, K, Cohen, L, Morgan, J, Karunaratne, H, IResnekov, L, Al-Sadir, J, Lin, CY, Lamberti, JJ, and Anagnostopoulos, CE: The detection, prediction and significance of perioperative myocardial infarction following aorto-coronary bypass surgery. *Journal of Thoracic and Cardiovascular Surgery* 78:244-253, 1979
39. Gabelman, C, Al-Sadir, J, Lamberti, J, and Myerowitz, PD: The surgical treatment of a recurrent primary malignant tumor of the left atrium. *Journal of Thoracic and Cardiovascular surgery* 77:914-921, 1979
40. Waldman, J, Goodman, A, Turner, S, Lamberti, J, and Tumeo, R: Coarctation of the aorta: Noninvasive physiologic assessment in infants and children before and after surgery. Presented at the Samson Thoracic Surgical Society, June, 1979. *Journal of Thoracic and Cardiovascular* 80:187-197, 1980
41. Thilenius, OG, Vitullo, D, Bharati, S, Luken, J, Lamberti, JJ, Tatoes, C, Lev, M, Carr, I, and Arcilla, R: Endocardial cushion defect associated with cor triatriatum sinistrum or supravalue mitral ring. *American Journal of Cardiology* 44:1339-1343, 1979
42. Waldman, JD, Meltzer, EO, Miller, K, Park, S, and Lamberti, JJ: Specialty Conference: Vascular compression of the upper airway in children. *Western Medical Journal* 132:209-218, 1980
43. Yu, LC, Bharathi, S, Thilenius, O, Lamberti, J, Lev, M, and Arcilla, R: Congenital aorto-left atrial tunnel. *Pediatric Cardiology* 1:153-158, 1980
44. Myerowitz, PD, Lamberti, JJ, Replogle, RL, Schwarz, D, and Anagnostopoulos, CE: Delayed complications following heterograft valve replacement. In *Bioprosthetic Cardiac Valves*, (edited by F. Sebening, et al), Eberl GmbH, Fed. Republic of Germany, 335-340, 1979
45. Kampman, K, Lamberti, JJ, Kaplan, E, and Anagnostonoulos, CE: Sensitivity of canine myocardium to acute depression of serum ionized calcium. *Cardiovascular Disease, Bulletin of the Texas Heart Institute* 7:169-177, 1980
46. Schraut, W, Kampman, K, Lamberti, JJ, Freeburger, M, Anagnostopoulos, CE, and Glagov, S: Myocardial protection from permanent injury during aortic cross-clamping: Effectiveness of pharmacological cardiac arrest combined with topical cardiac hypothermia. *Annals of Thoracic Surgery* 31:224-232, 1981
47. Lamberti, JJ, Hartley-Winkler, M, Waldman, JD, and Waldman, J: Cardiopulmonary bypass and deep hypothermia with circulatory arrest in infants. In *Pathophysiology and Techniques of Cardiopulmonary Bypass*, (edited by J. Utley) Williams & Wilkins, 1:159-167, 1982
48. Waldman, JD, Lamberti, JJ, Mathewson, JM, George, L, Kirkpatrick, SE, Goodman, AH, Pappelbaum, SI, and Turner, SW: Coarctation in the first year of life: Patterns of postoperative effect. *Journal of Thoracic and Cardiovascular Surgery* 86:9-17, 1983
49. Lamberti, JJ, Carlisle, JR, Lodge, FA, Waldman, JD, Kirkpatrick, SE, Mathewson, JW, George, L, and Pappelbaum, SI: Systemic-pulmonary shunts in infants and children: Early and late results. Presented at American Association of Thoracic Surgeons Meeting, Atlanta, GA, April, 1983. *Journal of Thoracic and Cardiovascular Surgery*, 88:76-81, 1984

50. Lodge, AF, Lambert JJ, Hartley-Winkler, M, Rohrer, C, Peterson B, Waldman J, Holl, J: Blood conservation during open heart surgery in infants and children. Presented at AMSECT 22nd Conference, May 21-23, Las Vegas, Nevada. *The Journal of Extracorporeal Technology*, 16:121-124, 1984
51. Lodge, FA, Lamberti, JJ, Goodman, AH, Waldman, JD, Kirkpatrick, SE, George, L, and Mathewson, JW: Vascular consequences of subclavian artery transection for the treatment of congenital heart disease. *Journal of Thoracic and Cardiovascular Surgery* 86:18-23, 1983
52. Waldman, JD, Waldman, J, Jones, MH, and Lamberti, JJ: Failure of balloon dilatation in mid-cavity obstruction of the systemic venous atrium after Mustard operation. *Pediatric Cardiology* 4:151-154, 1983
53. Waldman, JD, Lamberti, JJ, Mathewson, JW, Kirkpatrick, SE, Turner, SW, George, L, and Pappelbaum, SJ: Congenital heart disease and pulmonary artery hypertension. I. Pulmonary vasoreactivity to 15% oxygen before and after surgery. *Journal of American College of Cardiology* 2:1158-1164, 1983
54. Waldman, JD, Lamberti, JJ, and Mathewson, JW: Surgical closure of the tricuspid valve for pulmonary atresia with intact ventricular septum and right ventricle to coronary artery communications. *Pediatric Cardiology* 5:221-224, 1984
55. Lamberti, JJ, Waldman, JD, Mathewson, JW, and Kirkpatrick, SE: Repair of sub-diaphragmatic total anomalous pulmonary venous connection without cardiopulmonary bypass. *Journal of Thoracic and Cardiovascular Surgery* 88:627-630, 1984
56. Waldman, JD, George, L, Lamberti, JJ, Lodge, FA, Pappelbaum, SJ, Turner, SW, Mathewson, JW, and Kirkpatrick, SE: Containing costs in the treatment of congenital heart disease. *Western Journal of Medicine* 141:123-126, 1984
57. Heard, GG, Lamberti, JJ, Park, SM, Waldman, JD, and Waldman, J: Early extubation after surgical repair of congenital heart disease. *Critical Care Medicine* 13:830-832, 1985

30. Mainwaring, RD and Lamberti, JJ: Letter to the Editor: Usefulness of pulsatile bidirectional cavopulmonary shunt in high-risk Fontan patients. *Ann. Thorac Surg.* 76(6): 2167,2003.
31. Lamberti, JJ: Invited Commentary: Effect of a Selection and Postoperative Care Protocol on Survival of Infants with Hypoplastic Left Heart Syndrome. By Checchia, P. et al ; *Ann. Thorac. Surg.* 77: 477-83,2004

INVITED LECTURESHIPS, VISITING PROFESSORSHIPS, GRAND ROUNDS PRESENTATIONS AND OTHER TEACHING EXPERIENCES:

Presentation at the annual meeting of the Association for Academic Surgery, Los Angeles. November, 1974. "Effects of Hemodilution on Acute Myocardial Ischemia."

Presentation at the annual meeting of The Society of Thoracic Surgeons, January 1975. Montreal, Canada, "Local Cardiac Hypothermia for Myocardial Protection during Correction of Congenital Heart Disease".

Presentation at the annual Federation of the Societies of Experimental Biology meeting, April, 1976, Anaheim, California. "Transmural myocardial ultrastructure and epicardial S-T segment elevation during early ischemia".

Chairperson and moderator of a luncheon panel at the American Society of Artificial Organs Meeting in Montreal, April 23, 1977: "Evaluation of prosthetic heart valves".

Presentation at the Eleventh Congress of the European Society for Surgical Research, Dublin, Ireland, April, 1976. "Advantages of routine membrane oxygenation use in open heart surgery: real or imaginary".

Presentation at the twenty-fifth annual meeting of the International Cardiovascular Society, Rochester, New York, June 17, 1977. "Clinical and experimental studies on the effect of surface cooling (20 deg. C.) and circulatory arrest in infants undergoing cardiac surgery".

Presentations at the Thirteenth Congress of the European Society for Surgical Research, Helsinki, Finland, April, 1978. "Intra-aortic balloon counterpulsation during early myocardial ischemia: Ultrastructural analysis of the ischemic zone" and "Long term results after various techniques of myocardial preservation: an experimental study".

Presentation at the Fifteenth annual meeting of the Society of Thoracic Surgeons, Phoenix, Arizona, January, 1979. "The prosthetic (Teflon) central aortopulmonary shunt for cyanotic infants less than three weeks of age: Results and long term follow-up".

Presentation at the XV World Congress of the International Cardiovascular Society, September 10. 1981, Athens, Greece. "Upper extremity vascular implications of surgical transection of the subclavian artery for the palliation of congenital heart disease."

Presentation at the annual Pathophysiology of Cardiopulmonary Bypass Course, San Diego, California, February, 1982. "Cardiopulmonary bypass and deep hypothermia with circulatory arrest in infants."

Presentation at cardiology/cardiac surgery conference at Downstate Medical Center, Brooklyn, New York, April 29, 1983. "The modified Blalock-Taussig shunt."

Presentation at the American Association for Thoracic Surgery annual meeting, Atlanta Georgia, April, 1983. "Systemic-pulmonary shunts in infants and children: early and late results".

Invited presentation at the course: The Fetus and the Newborn: State-of-the-Art-Care, San Diego, California, October 14-17, 1985: Cardiac surgery in the newborn: current status”.

Presentation at the Fourth International Symposium on Cardiac Bioprostheses, San Diego, California, April, 1988. “The cryopreserved homograft valve in the pulmonary position: Early results and technical considerations”.

Presentation at the First World Congress of Pediatric Cardiac Surgery, Bergamo, Italy, June 23, 1988. “The Cavopulmonary shunt.”

Presentation at the Twenty-fourth annual meeting of the Society of Thoracic Surgeons, New Orleans, Louisiana, September, 1988. “Late re-operation for systemic atrioventricular valve regurgitation after repair of congenital heart defects”.

Presentation at the Sixty-ninth annual meeting of the American association for Thoracic Surgery, Boston, Mass., May 10, 1989. “The bi-directional cavopulmonary shunt.”

Invited presentation at Current Controversies and Techniques in Congenital Heart Surgery, Baltimore, Maryland, September 8-9, 1989: “Combining the Damus-Kay-Stansel with the Fontan procedure”.

Invited workshop presentation at 27th Annual Meeting of the Society of Thoracic Surgeons in San Francisco, California, February 20, 1991. “Homograft use in infants and children.”

Invited lecturer at Grand Rounds Children’s Hospital of Los Angeles, April 19, 1991: “The use of homograft valves in the surgical treatment of congenital heart disease”.

Invited moderator at the Rocky Mountain Mitral Valve Workshop, Missoula, Montana, April 26-27, 1992.

Invited presentation at the 5th International Symposium on Cardiac Bioprosthesis, Avignon, France, May 25, 1991: “The cryopreserved homograft valve in the pulmonary position: mid-term results and technical considerations”.

Invited presentation at Pediatric Cardiovascular Update - Arkansas Children’s Hospital, Little Rock, Arkansas, April 11, 1992: “Palliation of the univentricular heart: Options in 1992”.

Co-chairman pediatric cardiovascular surgery session, 41st Annual Scientific Session American College of Cardiology, Dallas, Texas, April 15, 1992

Invited lecturer at the National Association of Neonatal Nurses - Advanced Practice Clinical Update, San Diego, California, May 29-31, 1992: “Current advances in neonatal surgery”.

Invited moderator at the Rocky Mountain Symposium 1992 - Exploring the Frontiers in Valvular Heart Disease, Missoula, Montana, September 2-5, 1992

Presentation at the Pacific Coast Surgical Society, Phoenix, Arizona, February, 1993. “Management of systemic atrioventricular valve regurgitation in infants and children.”

Invited lecturer and visiting professor at the Gaslini Institute, Genoa, Italy, May 31, 1993: “Systemic atrioventricular valve regurgitation in infants and children: repair or replace?.”

Invited moderator and lecturer at the Rocky Mountain Symposium 1993, Missoula, Montana, September 2-4, 1993: “Aortic valve repair in children”.

Invited presentation at the California Society of Pediatric Cardiology, Los Angeles, California, September 10, 1993: "Palliation of the univentricular heart".

Invited lecturer at The Fetus and the Newborn - State-of-the-Art-Care, San Diego, California, October 6-8, 1993: "New trends in the perioperative management of the infant with congenital heart disease".

Invited presentation at the California Society of Pediatric Cardiology, Monterey, California, September 23, 1994: "The bidirectional Glenn procedure in infancy - the Children's Hospital of San Diego approach".

Presentation at the Aldo R. Castaneda Symposium at Boston Children's Hospital, May, 1994. "Factors influencing perioperative mortality during palliation of the univentricular heart"

Invited lecturer at the course: Diagnosis and treatment of fetal and neonatal birth defects, San Diego, California, May 24, 1994: "Treatment of congenital heart disease in the neonate".

Visiting professor, Division of Thoracic and Cardiovascular Surgery, University of New Mexico, June 9-10, 1994. Presentations: Pediatric Grand Grounds June 9, 1994: "Current trends in pediatric cardiac surgery". Thoracic surgery educational conference, June 10, 1994: "Contemporary surgical management of the univentricular heart".

Invited presentation at the Perfusionist Course at the 41st Annual Conference of the American Society of Artificial Internal Organs, Chicago, Illinois, May 5, 1995: "Cardiopulmonary bypass for complex congenital heart disease repair in 1995".

Invited moderator (all sessions), Ross Procedure Symposium (teleconference), University of Oklahoma Health Sciences Center, Oklahoma City, Oklahoma, May 11-13, 1995.

Invited moderator and guest surgeon (Ross procedure), Rocky Mountain Symposium 1995, Missoula, Montana, June 18-21, 1995.

Visiting professor/co-surgeon (Ross procedure), University of New Mexico, Albuquerque, New Mexico, July 31, 1995.

Invited presentation at the Diagnosis and Treatment of Fetal and Neonatal Birth Defects - State-of-the-Art 1995, San Diego, California, July 15, 1995: "Treatment of Congenital Heart Disease in the Neonate".

Invited presentation at the American College of Cardiology Course: The Role of Echocardiography in Cardiac Surgery 1995, course directors Pravin M. Shah, M.D. and James H. Oury, M.D, Missoula, Montana, August 30-September 2, 1995: "A surgeon's perspective on the role of echocardiography in surgery for congenital heart disease".

Invited presentation at the Annual Meeting of the California Society of Pediatric Cardiology, San Diego, California, September 15, 1995: "The Ross procedure".

Invited presentation at the 2nd International Workshop on Pediatric Cardiothoracic Surgery, Laguna Niguel, California, November 9-10, 1995: "Staging: When to do a bidirectional Glenn".

Invited moderator at the clinical series session of the 6th Annual Ross Colloquium, Boston, Massachusetts, May 3, 1996.

Invited lecturer at the Association of Operating Room Nurses of San Diego County, San Diego, California, May 23, 1996: "Separation of thoracopagus twins".

Invited moderator and guest surgeon (Ross procedure), Rocky Mountain Valve Symposium VI, Missoula, Montana, August 18-21, 1996.

Invited moderator (all sessions), Ross Procedure Symposium, Duke University Medical Center, Durham, North Carolina, September 18-20, 1996.

Invited presentation at the California Society of Pediatric Cardiology, San Francisco, California, September 20-21, 1996: "Congenital aortic stenosis".

Invited presentation at the Hawaii Society for Respiratory Care, Honolulu, Hawaii, October 2, 1996: "Respiratory gas management in the perioperative cardiac surgery patient".

Invited presentation at the American Association for Respiratory Care Annual Meeting, San Diego, California, November 6, 1996: "Current surgical treatment of congenital heart disease".

Invited presentation at the American Heart Association 69th Scientific Session, How-to-session #2, November 11, 1996: "Management of peripheral pulmonary artery stenosis".

Invited lecturer at the International Workshop - One and one half ventricle repairs, Gubbio, Italy, December 6-7, 1996: "Total anomalous pulmonary venous connections: how do they influence management and results of one ventricle repair", "Pulmonary A-V fistulae in and out of the setting of cavopulmonary anastomosis", "Cavopulmonary anastomosis without additional source of pulmonary blood flow", "Cavopulmonary anastomosis as an adjunct to biventricular repair".

Invited presentation at Grand Rounds, Children's Hospital and Health Center of San Diego, San Diego, California, January 3, 1997: "Evolving concepts in the treatment of congenital heart disease".

Invited moderator at Texas Style Surgery: Homograft/Ross Procedure Symposium, Austin, Texas, April 16-18, 1997.

Invited moderator/guest surgeon (Ross Procedure), Rocky Mountain Valve Symposium VII, Missoula, Montana, August 13-16, 1997.

Invited lecturer at Fetus and the Newborn - State-of-the-Art Care, San Diego, California, September 25-27, 1997: "Recent advances in congenital heart surgery".

Invited moderator (all sessions), High Country Cardiac Surgery/Homografts and Autografts for All Ages, University of Colorado School of Medicine, Division of Cardiothoracic and Vascular Surgery, Denver, Colorado, September 24-26, 1997.

Invited lecturer at the 3rd International Workshop on Pediatric Cardiothoracic Surgery, Children's Hospital of Los Angeles/University of Southern California Medical Center, Marina Del Rey, California, October 2-3, 1997: "Management of the patient with a marginal right ventricle - selection of appropriate candidate and fenestration".

Invited presentation at American College of Surgeons 83rd Clinical Congress (postgraduate course), Chicago, Illinois, October 12-16, 1997: "Complex cardiac operations in children through a cosmetic incision".

Invited moderator at Clinical Series Session, 6th Annual Ross Colloquium Scientific Sessions, Boston, Massachusetts, May 3, 1998.

Invited lecturer at Kapiolani Medical Center for Women and Children, Pediatric Intensive Care Unit and Newborn Special Care Unit Course - Challenges in Pediatric Care: Pediatric and Neonatal Issues, Honolulu, Hawaii, May 22, 1998: "Care of postoperative cardiac patients, arrhythmias and pulmonary hypertension".

Invited lecturer at Rush Presbyterian-St. Luke's Medical Center, Department of Cardiothoracic Surgery Course - Controversies in Cardiology and Cardiac Surgery, June 6, 1998: "The Ross procedure"- should it be done in the infant".

Invited moderator at Rocky Mountain Valve Symposium VIII, International Heart Institute of Montana Foundation, Missoula, Montana, August 10-15, 1998.

Cardiothoracic surgery Grand Rounds, University of California at Los Angeles, September 28, 1998: "Single ventricle: 1998".

Invited presentation at the Society of Thoracic Surgeons, 32nd Postgraduate Program, San Antonio, Texas, January 24, 1999: "Surgery of congenital heart disease in the adolescent and adult".

Moderator, Pediatric Cardiac Surgery Session, American Association for Thoracic Surgeons, 79th Annual Meeting, New Orleans, Louisiana, April 18-21, 1999.

Invited moderator and guest discussant, Rocky Mountain Valve Symposium IX, Missoula, Montana, August 10-13, 1999.

Invited presentation at the course: The Fetus and the Newborn - State-of-the-Art Care, San Diego, California, September 23-25, 1999: "Newer innovations in the surgical management of congenital heart disease".

Co-director and presenter at the IV International Workshop of Pediatric Cardiothoracic Surgery sponsored by the Heart Institute of Children's Hospital of Los Angeles and Children's Hospital of San Diego, San Diego, California, October 21-22, 1999. Presentations: "Aortic valve repair" and "Damas-Kay-Stansel: results and follow-up".

Grand Rounds presentation at UCLA School of Medicine, Division of Cardiothoracic Surgery Grand Rounds, January 25, 2000: "Cardiac valve surgery in infants and children".

Co-director of the Pediatric Cardiac Symposium at Kapiolani Medical Center for Women and Children, Honolulu, Hawaii, March 4, 2000. Diagnosis and Treatment of Heart Disease in Infants and Children. Presentations: "Cardiac surgery outcomes at Kapiolani Medical Center for Women and Children and Children's Heart Institute of San Diego" and "Palliative and corrective surgery in the newborn".

Co-moderator at the Pediatric Cardiac Surgery Session, 80th Annual Meeting American Association for Thoracic Surgery, Toronto, Canada, April 30 to May 3, 2000.

Co-chair at the panel discussion 47th American Society for Artificial Internal Organs meeting, New York, New York, June 6-9, 2000.

Visiting professor at Mt. Sinai Medical Center, Mt. Sinai Medical School, Department of Cardiothoracic Surgery, New York, New York, October 18-19, 2000. Surgical Grand Rounds Presentation: "The surgical management of

valvular heart disease in infants and children”. Lecture at combined pediatric cardiology-cardiothoracic surgery Rounds: “Single ventricle: is there a consensus regarding therapy in 2000?”.

Invited presentation at the 86th Annual Clinical Congress, American College of Surgeons, Cardiac Surgery Postgraduate Course, Chicago, Illinois, October 25, 2000: “Bidirectional cavopulmonary anastomosis versus the Fontan procedure”.

Invited presentation New York Society of Pediatric Critical Care, New York, New York, November 30, 2000: “Management of single ventricle in the year 2000”.

Invited lecturer and consultant pediatric cardiac surgeon, University of California Davis Medical Center/Southern Memorial Hospital, December 18, 2000: Lecture: “Establishing an effective pediatric cardiothoracic surgery program”.

Pediatric Grand Rounds at Weill Medical College of Cornell University, New York, New York, January 4, 2001: “The current status of pediatric cardiac surgery”.

Visiting professor at Children’s Memorial Hospital, Division of Cardiothoracic Surgery, Northwestern Medical School and Thomas Baffes Research Symposium Lecturer, February 9, 2001: “Cardiac valve surgery in infants and children”.

Co-moderator at Pediatric Cardiac Surgery Session, 81st Annual Meeting of American Association for Thoracic Surgery, San Diego, California, May 6-9, 2001.

Invited presentation at the meeting: Valves in the Heart of the Big Apple: Evaluation and Management of Valvular Heart Disease 2001. Organized by the Howard Gilman Institute for valvular heart diseases at Weill Medical Cornell College of Cornell University, New York, New York, May 10-12, 2001: “Congenital aortic stenosis - is repair an option? “ Current techniques, comparative statistics.”

Co-presenter at the Department of Pediatrics Grand Rounds, New York Hospital Queens, May 24, 2001: “Pediatric cardiology - case presentation and discussion”.

Invited moderator and guest surgeon, Rocky Mountain Valve Course XI, Missoula, Montana, August 12-16, 2001.

Department of Surgery Grand Rounds at Weill Medical College & Graduate School of Medical Sciences of Cornell University: “ Current Concepts in Pediatric Cardiac Surgery.” November 8, 2001

Invited Presentation at annual meeting: Valves in the Big Apple: “ Tetralogy of Fallot: Current management and effect of pulmonary insufficiency on the Natural Course after repair.” Organized by the Howard Gilman Institute for Valvular Heart Disease at Weill Cornell Medical Center May 2, 2002

Invited Lecture: “Management of The Univentricular Heart in 2002”. Group Florence Nightingale Hospitals, Istanbul, Turkey. June 22, 2002

Moderator and invited Discussant: Rocky Mountain Valve Symposium XII; Missoula, Montana August 13-16,2002

OB-Gyn Grand Rounds at New York Presbyterian Hospital/Weill Medical College of Cornell University: “Current Trends in Pediatric Cardiovascular Surgery”. October 14,2003.

Organizer and Moderator: Pediatric Cardiac Conference: “Diagnosis and Treatment of Heart Disease in Infants and Children II” at Kapiolani Medical Center for Women and Children, Honolulu, Hawaii. November 16,2002.

Invited Discussant at the Thirty-ninth Meeting of the Society of Thoracic Surgeons, San Diego California, February 1, 2003. “Long Term Outcome with Autologous Tissue Reconstruction for Replacement of Obstructed Extracardiac Conduit” by Bermudez et al.

Invited Presentation: “Subvalvular aortic stenosis: Surgical intervention in the child and in the adult-when and why” and Moderator of the session “Congenital LV outflow obstruction” at “Valves in the Big Apple III: Evaluation and Management of Valvular Heart Disease in 2003”. New York, N.Y. May 8-9,2003. Sponsored by the Weill Medical College of Cornell University and the New York Cardiological Society and the NY State Chapter of the American College of Cardiology.

Invited presentation: “Pediatric Cardiac Surgery Update: 2003” at Pediatric Department Grand Rounds, Oakland Children’s Hospital and Research Center, July 1, 2003.

Nursing Department Inservice at Children’s Hospital of Oakland: “How does cardio-pulmonary bypass influence post-operative care?” July 18,2003

Invited Presentation: “The Right Ventricle to Pulmonary Artery Connection in the Adult with CHD” at the Annual Meeting of the Western Society of Pediatric Cardiologists. Seattle, Washington, September 12-14, 2003.

Invited presentation: “What’s new in surgery for the adult with Congenital Heart Disease” at the annual symposium of the Northern California Chapter of the Adult Congenital Heart Association. Meeting entitled: Adults with Congenital Heart Disease: Looking toward the Future. Mountain View, CA, October 11,2003.

Invited presentation: “Update on Cardiothoracic Surgery and Related outcomes” ,a joint presentation with Olaf Reinhartz, M.D. at the course, “Update: Pediatric Cardiology for Community Physicians”, at Children’s Hospital and Research Center at Oakland, California February 28,2004.

Invited Presentation: “My Broken Heart: Benefits of Cardiovascular Donation” at the Tissues Symposium, a Pre-Conference, at the Annual Meeting of the North American Transplant Coordinators Organization (NATCO), San Francisco, California, July 31, 2004.

Invited Presentation: “Palliative Surgery for Congenital Heart Disease” Cardiothoracic Surgery Resident Lecture Series. Department of Cardiothoracic Surgery, Stanford University School of Medicine, November 29, 2004.

Invited Presentation: “Surgery of the Left Ventricular Outflow Tract” at the Pediatric Cardiology Fellows weekly conference at Stanford University, December 21, 2004.

MOVIES

1. Replogle, RL, Lamberti, JJ, Lin, CY, and Arcilla, R: Correction of Complete Atrial Ventricular Canal in Infancy Using Profound Hypothermia. Presented at the American College of Surgeons, Chicago, Illinois, 1976, and American College of Chest Physicians, Atlanta, Georgia, 1976.
2. Invited Presentation of Movie Entitled “ Mitral Valve Repair” at the Postgraduate Course of the 82nd annual meeting of the American Association for Thoracic Surgeon in Washington DC, May 5, 2002
